**-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --**  
**Period for Reply**

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

**DETAILED ACTION**

1. Claims 1-4, 6 and 11-14 have been amended
2. Claims 1-14 are pending.
3. Claims 1-14 are rejected.

***Claim Rejections - 35 USC § 102***

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claims 1-15 are rejected under 35 U.S.C. 102(b) as being anticipated by US Patent 5 724 520; Goheen; March 3, 1998.
6. As to claims 1, 6 and 11 | A ticketless system including a network system wherein a ticket issuing center, a payment center, and an entrance gate are connected by a network, said ticketless system comprising:
7. first notification means for notifying said first user terminal of a plurality of first data from said ticket issuing center in response to a request from a first user terminal connectable to said network, said plurality of first data including site data representing a site, time- of-day data representing an admission time to said site, and price data for admittance to said site;
8. **Goheen teaches a ticketing network center for specific flight information reservations and authorizations(C. 5 l. 4-10)**
9. second notification means for notifying said ticket issuing center of second data selected among said plurality of first data, third data for identifying said first user terminal, and fourth data representing an

account for payment by an owner of said first user terminal from said first user terminal; **transferring payment(C. 5 I. 13)**

10. third notification means for notifying said payment center of said price data included in said second data sent to said ticket issuing center by said second means and said fourth data; notification **credit card payment verified while online(C.5 I. 14).**

11. payment means, in said payment center, for making a payment using said price data and said fourth data notified by said third notification means; **Payment authorization(C. 5 I. 20-23).**

12. fourth notification means for notifying said ticket issuing center of fifth data for identifying said second user terminal from said second user terminal connectable to said network at the site represented with said site data included in said second data on an admission time to said site represented with said time-of-day data included in said second data, after payment by said payment means; and **revised reservations and a new(second) flight(C. 6 I. 14-16).**

13. permission means for permitting the owner of said second user terminal to pass through an entrance gate installed at said site represented with said site data included in said second data when said fifth data coincides with said third data. **Individual validation; allowing passenger to enter plane(C. 5 I. 61-61).**

14. As to claims 2, 7 and 12 Goheen teaches payment via a credit card. (C. 4 I. 11).

15. As to claims 3, 8 and 13 Goheen teaches verifying and validating reservation on a particular flight(C. 5 I. 58-60.)

16. As to claims 4, 9 and 14 Goheen teaches correspondance across a terminal to access proper validations and grants access once validated(C. 5 I. 63-67).

17. As to claims 5, 10 and 15 Goheen teaches telephone number of terminals users(C.4 I. 11 and C. 5 I. 2).

***Response to Arguments***

18. Applicant's arguments filed March 10, 2005 have been fully considered but they are not persuasive. Applicant argues claim 1 and the amending of "without a ticket" in the fourth notification means.

19. The argues the system of claim 1 teaching an admittance without a ticket. The applicant fails to claim how the user is identified without a ticket. When the examiner looks to the specification for clarification it describes a call being sent across a network by the user with no specific input means leaving it open to reasonable broad interpretation by the examiner.(Pg. 19 l. 7-1, 18-19 and 23-25) Therefore the cited reference can be read to be included in the sending information across a network. The fact that the information is sent across the network either by swiping a card or entering a number does not hold patentable weight in the claimed system.

***Conclusion***

20. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

21. A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

22. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Traci L Smith whose telephone number is (703)605-1155. The examiner can normally be reached on Monday-Thursday 6:00 am-4:30 pm.

23. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, John Weiss can be reached on 703.308-2702. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

24. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
